

Position Description:
Aviation Analyst
mba HQ – Arlington, VA

Status: Full Time/Permanent, Employee

Job Location: Arlington, VA, USA

Required Education and Skills: Bachelor's degree in an aviation-related discipline.

Relevant Experience: 3 months work experience in the aviation industry.

Job Description:

- Perform asset valuations using mba's proprietary valuation model and prepare detailed client reports in a timely manner;
- Gather and analyze market intelligence and transaction data points to be used in quarterly valuation updates;
- Review lease documents and glean necessary data to perform lease encumbered valuations of aircraft and data for compliance with lease terms;
- Understand and extract maintenance information from technical reports to determine the maintenance adjusted value of an asset;
- Prepare market studies relating to industry trends and aviation market opportunities;
- Extract maintenance information from technical reports and data sheets to determine the maintenance status of an asset;
- Prepare market reports and speak with clients/investors on specific asset types, or the overall industry, detailing the fleet demographics, notable developments of the program, determine the aircraft ranking, and assess the likely value outlook for the type; and
- Forecast maintenance status and cash-flows associated with aircraft lease.
